Art & Design Editor • 2001-2006 • Chron.com • Houston Chronicle

Managed all aspects of design and visual storytelling on chron.com. Supervised a group of online editorial artists and provided direction for those working on design in other areas of the site. Responsibilities included page design, daily graphic and multimedia production and online project journalism. Worked closely with editors, reporters and photographers both online and in the newsroom on live news coverage and project journalism. Played a key role in new product development, working with both vendors and the site's technology team on projects that included a complete site redesign and new CMS implementation.

Web Designer • 1996-2001 • Chron.com • Houston Chronicle

Designed pages and mini-sites, daily graphic and multimedia productions and special online journalism projects.

Web Designer • Jan. - Sept. 1996 • Kinetiks.com

Web designer for Internet Waterway, an Internet fishing and boating publication. Redesigned entire look and feel of the site in June of 1996.

News Artist/Designer • 1987 - 1995 • The Houston Post

News artist and designer for the Post until paper closed. Researched, designed, and created informational graphics for both long-term projects and breaking news. Designed special sections for sports, business and news, designed logos and icons for all sections of the paper, layout of food and travel covers, and illustrated features and business stories.

Production Artist/Designer • 1986-1987 • Graphic Design Associates

Production artist, illustrator and designer for variety of projects including brochures, advertisements and logo design.
